“India is a treasure trove of herbal plants,
it is, in a way our Green Gold”.

Shri. Narendra Modi
Prime Minister of India

Shri Prataprao Jadhav

Hon'ble Minister, Ministry of AYUSH, Government of India

I strongly feel that the Third International AYUSH Conference and Exhibition (IACE), to be held in Dubai during 15–17 February 2026, will significantly help in spreading the message of wellness through Ayush to those living in this part of the world. I am sure that the discussions and deliberations in these three days would further broaden and strengthen the Ayush ecosystem of the world.

The AYUSH Exhibition, where leading enterprises will showcase a wide range of traditional and innovative healthcare products, would surely be an added attraction for the general public.

Wishing IACE a great success!

Best regards.

Vd. Rajesh Kotecha

Secretary, Ministry of AYUSH, Government of India

India has always believed in the philosophy that knowledge shared is knowledge gained. Rooted deeply in Indian heritage, AYUSH offers benefits that transcend borders. With humility and conviction, India seeks to share these wellness traditions with the world. The Third International AYUSH Conference and Exhibition (IACE), to be held in Dubai during 15-17 February 2026, is a significant initiative in this direction.

The exchange of ideas and experiences during the third IACE will undoubtedly contribute to further strengthening and expanding the global reach of AYUSH. I am equally excited about the AYUSH Exhibition, where leading AYUSH enterprises will showcase a wide range of traditional and innovative products.

Wishing the Conference and Exhibition great success!

Best regards.

Mr. Satish Kumar Sivan

Consul General of India, Dubai

It gives me great pleasure to learn that the Third International AYUSH Conference and Exhibition (IACE), is being held in Dubai from 15 to 17 February 2026.

AYUSH is ancient India's treasure and a gift to humanity. It can be said to be the "Amrut" that can address all the ailments of the modern society in a holistic way. The Consulate General of India is fully committed to creating awareness about the rich legacy and contemporary relevance of India's traditional medicine systems as represented in AYUSH.

The IACE and AYUSH Exhibition serve as important platforms to showcase India's strength in holistic healthcare and facilitate global collaborations. Going by the phenomenal success of the first two editions which were held in 2018 & 2024, I am confident that the Third edition will be a huge success in bringing together all the key stakeholders associated with Traditional Medicine systems. I extend my best wishes to the organisers of Third IACE.

I wish to also express our sincere gratitude to the Government of Dubai and the Ministry of AYUSH, Government of India for their generous support and cooperation in making the Third IACE possible.

Let us work together in fostering holistic health amongst all.

Best wishes,

Consul General of India, Dubai, UAE

Dr. Shekhar C. Mande

National President, Vijnana Bharati

I am extremely happy to learn that the third International AYUSH Conference & Exhibition (IACE) is scheduled to be held in Dubai on 15–17 February 2026 at the Dubai International Convention & Exhibition Centre.

The Ayush sector has evolved and grown over the past two years in many respects. The third IACE thus emerges as a much-needed platform for stakeholders in this part of the world to come together and share insights, innovations, and developments. The Arogya Expo, too, promises to be an invaluable source of information, especially on new medicines and cutting-edge R&D in the Ayush sector.

May this platform continue to grow and serve as a beacon of knowledge, awareness, and inspiration for the global community.

Best regards.

Sidharth Balachandran

Chairman, Organising Committee

It is a pleasure and honour to be the part of the 3rd IACE-Dubai to be held at the DWTC from 15-17 Feb 2026 . I congratulate Science India Forum for taking the initiative for conducting such a prestigious event in the UAE.

I am delighted to be a part of the event and sincerely hope that this event will bring together the Ayurveda, Yoga & Naturopathy, Unani, Sidha and Homeopathy practioners in the name of AYUSH which will benefit the community. The theme of the conference - "Evidence based Ayush Intercentions in Mind-Body Health" is a relevant theme in the present world.

In the capacity of Chairman, Organising Committee, I wish the forthcoming International AYUSH Conference & Exhibition much success .

Best wishes.

AYUSH

Ayush is a set of medical systems practised in India, which consists of Ayurveda, Yoga, Naturopathy, Unani, Siddha, Sowa - Rigpa, and Homeopathy. There is great curiosity for Ayush systems of medicine especially due to growing challenges in treating Non- Communicable Diseases (NCDs), lifestyle disorders, chronic diseases, multidrug-resistant diseases, the emergence of new diseases etc. Ayush medicines are cost effective, safe, and time tested.

The recognition of Ayush systems by Government of UAE and a strong presence of 500 plus Ayush practitioners across the United Arab Emirates vouch for the growing credence of Ayush amidst Gulf nations. Dubai's strategic location and connectivity to the other continents played a key role in the choice of venue.

In November 2017, Science India Forum & World Ayurveda Foundation successfully organised the First edition of International Ayush Conference & Exhibition at Dubai World Trade Centre with the support of Ministry of Ayush, Govt. of India, and under the patronage of Indian Embassy and Indian Consulate Dubai. 25 countries, 1000 plus Ayush delegates and 25000 plus visitors attended the event.

We aspire that the third edition of the conference will be a stunning opportunity to build an efficient platform for communication and co-operation among the experts in the healthcare industry. The conference will bring together global healthcare leaders and professionals, researchers, and health policymakers from around the world, under one roof.

VISION & MISSION

- To outreach the benefits of Ayush worldwide.
- To educate the public on the proper benefits and usage of Ayush medicines.
- To inspire the Ayush professionals to be exceptional physicians, educators, and researchers of tomorrow.
- To facilitate policy makers & Government in integrating Ayush to the main stream of healthcare delivery.

STRATEGIES

- **Ayush Research**
Advance knowledge in Ayush through innovations & discovery.
- **Ayush Education**
Exchange of Ayush knowledge among professionals.
- **Ayush Awareness**
Improve awareness on the best AYUSH practices and products for wellbeing.
- **Ayush Culture**
To create an inspiring environment to learn, educate, work, and deliver the best Ayush practices.
- **Ayush Propagation**
Encourage governments & policy makers to integrate Ayush to healthcare delivery systems.
- **Ayush Business**
To encourage investment & trade of Ayush products and services.

AYUSH SYSTEMS

♦ Ayurveda

Ayurveda is a science dealing not only with treatment of diseases, but also is a complete way of life. This system of health stresses on the prevention of body ailments in addition to eradicate them from the roots.

♦ Yoga & Naturopathy

The science of Yoga and its techniques have now been reoriented to suit modern sociological needs and lifestyles. Naturopathy is a system of treatment which recognises the existence of the vital curative force within the body.

♦ Unani

Unani medicine, otherwise called Islamic Herbal Medicine, is a Greko Arabic medicine. The treatment approach of Unani is to balance the imbalanced principles through a four fold approach; lifestyle modification, diet therapy, internal medicine, and regimental therapy.

♦ Siddha

Siddha system is one of the oldest systems of medicine in India. According to the Siddha medicine system, diet, and lifestyle play a major role in health and in curing diseases. Varma therapy is traditional manipulative therapy of Siddha for the treatment of physical injuries and musculoskeletal problems.

♦ Sowa-Rigpa

Sowa-Rigpa, commonly known as Amchi system of medicine, is one of the oldest living and well documented medical traditions of the world. The majority of theory and practice of Sowa-Rigpa is similar to "Ayurveda".

♦ Homeopathy

Homeopathy is based on the principle of treat 'like with like', that is; a substance which causes symptoms when taken in large doses, can be used in small amounts, to treat those same symptoms. Indian Homeopathy stands as a strong arm of Ayush India.

3RD INTERNATIONAL AYUSH CONFERENCE & EXHIBITION, DUBAI

A destination in itself, Dubai World Trade Centre (DWTC), is the region's largest events' venue. Dubai World Trade Centre hosts more than 500 events covering international trade fairs, mega consumer shows, and prestigious conventions, and welcomes more than 3 million visitors from 160 global markets every year. Accessibility of the venue, world-class expo arrangements and active participation of the Ayush followers are expected to enhance the footfalls. This Ayush Exhibition is expected to be a comprehensive health fair on the entire Ayush systems with participation from the following sectors:

120 Exhibitors from Ayush pharma segment, practitioners, clinics, and hospitals of all Ayush systems, Ayush - based service institutes and centers, research institutes and departments, laboratory equipment and machinery manufacturers, wellness centres & retreats, insurance companies, health tourism industry, herbal traders, and medicinal plant cultivators.

EXPECTED FOOTFALL- 100,000

AYUSH SHORT FILM FESTIVAL

More than any tool, or art-form communicates effectively and aesthetically a deep and serious topic to people from any walk. Here, IACE unveils the scope of films in spreading the virtues of Ayush. The motive of this Ayush Film Festival is to create global awareness on the limitless, unparalleled healing power of Ayush in bringing people back to health and youthfulness.

GENERAL GUIDELINES

Only films produced from January 2024 onwards will be considered.

Entries submitted in earlier/ other film festivals will not be accepted.

Registration for IACE is mandatory (No separate entry fees for ASFF)

The applicant (director) can submit maximum two entries in a suitable category. Separate entry forms are required for each entry.

Films produced in languages other than English must be subtitled in English.

Captions and credits must be clear, legible and must be within the safe areas.

Films can be submitted online at www.ayushdubai.org

★ ★ ★ ★ ★ AWARDS

Awards will be given for overall impact in all the streams. The final judgement for the awards will be made by the Award Jury. The organisers hold all rights to withdraw, modify and cancel the awards in case of any discrepancy and violation of the norms mentioned.

MINISTRY
OF AYUSH-
GOVERNMENT
OF INDIA

The Ministry of Ayush was formed on 9th November 2014 to ensure the optimal development and propagation of Ayush systems of healthcare. Earlier, it was known as the Department of Health, Indian System of Medicine and Homeopathy, ISM&H which was created in March 1995 and renamed as department of Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homeopathy (Ayush) in November 2003, with focused attention for development of Education and Research in Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homeopathy. The Ministry focuses on upgrading Ayush educational standards, implementing quality control and drug standardisation, improving the availability of the medicinal plant material, aiding research and development and generating awareness about the efficacy of the systems, within the country and overseas.

SCIENCE INDIA FORUM UAE (SIF)

Science India Forum UAE, (SIF UAE) is a voluntary organisation formed and supported by professionals in the fields of science and technology, education, philanthropists and prominent members of business community in the UAE. SIF UAE is supported on its educational front by the National Science Movement of India (popularly known as Vijnana Bharati) and the Indian Space Research Organisation (ISRO). The events and programmes of SIF UAE are conducted in association with the Indian Embassy Abu Dhabi and Consulate General of India, Dubai. Science India Forum operates with an objective of promoting India's rich scientific heritage to the world.

WORLD AYURVEDA FOUNDATION (WAF)

Established in 2011, the World Ayurveda Foundation (WAF) is an initiative by Vijnana Bharati aimed at global propagation of Ayurveda. As part of a larger intellectual movement under the aegis of the Swadeshi Science Movement undertaken by Vijnana Bharati, WAF is a platform that would take Ayurveda to the "world for all", the benefits mankind can draw from traditional health sciences.

3RD INTERNATIONAL AYUSH CONFERENCE & EXHIBITION, 2026

Glimpses of 1st & 2nd International Ayush Conference Dubai

EVIDENCE BASED AYUSH INTERVENTIONS IN MIND-BODY HEALTH

DUBAI GATEWAY TO GLOBAL BUSINESS

Dubai, a vibrant city and emirate in the United Arab Emirates, is renowned for its luxury shopping, cutting-edge architecture, and dynamic nightlife. Towering above its impressive skyline is the iconic Burj Khalifa, standing at 830 meters. At its base, the Dubai Fountain captivates visitors with its dazzling water and light performances set to music. Just off the coast, the man-made Palm Jumeirah is home to Atlantis, The Palm—a world-class resort featuring water parks and marine life attractions.

Dubai presents a wealth of business opportunities, driven by its strategic location, investor-friendly policies, and rapidly growing economy. As a global trade hub connecting the East and West, the city offers excellent infrastructure, tax benefits, and free zones that attract entrepreneurs from around the world. Key sectors such as tourism, real estate, finance, technology, and logistics continue to thrive, making Dubai an ideal destination for launching startups or expanding existing enterprises.

The city's vision for innovation and diversification creates a fertile ground for emerging industries such as fintech, renewable energy, and e-commerce. With a high standard of living, access to global markets, and a multicultural population, Dubai supports a dynamic business environment. Government initiatives like Dubai Vision 2030 and Expo legacy projects further enhance prospects for long-term growth and investment. Whether you're an aspiring entrepreneur or a seasoned investor, Dubai offers the infrastructure and incentives to turn ambitious ideas into successful ventures.
